Maybe you will not believe it, but this amazing remedy is significantly effective and will strengthen your immunity and operate your body to function perfectly. In this way, you will protect yourself and will stay away from the numerous inflammations, bacteria, and infections.

Just keep reading and follow the instructions!

### Recipe

#### Needed Ingredients:

- ¼ cup of finely chopped onion
- ¼ cup of finely chopped garlic
- ¼ cup of grated ginger
- 3 cups of apple cider vinegar
- 2 tablespoons of grated horseradish
- 2 fresh extra hot and chili peppers
- 2 tablespoons of turmeric
- 3 tablespoons of honey

#### Directions:

Mix all the ingredients in a bowl, except the apple cider vinegar. Then, pour the resulting mixture into a jar and add the apple cider vinegar. Make sure to mix well and close the jar securely.

Store the jar in a cool and dark place and keep it there for 14 days. Afterwards, use a gauze pad in order to strain the mixture.

Consume 1 tablespoon of this remedy a day.

This dose will prevent bacteria and various infections.
